

WORKS FOR CHILD MUST KEEP WELL

Mothers in a Like Situation Should Read This Letter from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At first I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia E. Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sensitive Wash to all."—Mrs. MARY ENRICO, 459 N. Carpenter St., Chicago, Illinois.

Often the mother is obliged to support her children and good health is necessary. Lydia E. Pinkham's Vegetable Compound is just the medicine you can depend upon. It is a medicine for women's ailments and the relief it brought Mrs. Enrico it may bring to you. Keep well by taking Lydia E. Pinkham's Vegetable Compound.

A TONIC

Grove's Tasteless Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Tonic is simply Iron and Quinine dissolved in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Chamberlain's Cough Remedy

Nothing So Good For a Cough or Cold. "Everybody who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbotstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 25c per bottle.

CYCLONE STRIKES CORNITH, MISSISSIPPI

Hundreds of Homes Destroyed and 25 People Injured—Storm Damage Estimated at \$350,000.

Cornith, Miss., March 14.—approximately 25 persons were injured, the majority of them seriously, and upwards of 100 houses destroyed by a tornado which struck the residence portion of this city this afternoon at 1:45 o'clock during a heavy downpour of rain. While complete reports of the damage and injuries have not yet been ascertained, it is conservatively estimated here tonight that the property loss will run close to \$350,000.

Several among the injured are suffering from wounds that may prove fatal, according to physicians. Among these are:

Farmer F. Anderson, assistant cashier of the Cornith Bank & Trust Company, who was caught in the hurricane while en route to the bank from his lunch. He ran into the home of Will Gillam, on Cruise street. This home was demolished by the tornado. Anderson received a probable fracture of the skull when he was struck by a flying timber.

Mrs. Will Gillam and child, who were in the Gillam house when it was demolished.

J. B. Weeks, whose home on Cruise street was also destroyed.

J. E. Spears, an aged man, whose home just south of the Cornith Oil Mill, south of the city limits, was destroyed. Mr. Spears' daughter, who was with him in the Spears home at the time was also seriously injured.

Mrs. Elzie Crow and her small children, caught beneath the wreckage of their home, about one mile southwest of Cornith, when it was destroyed. Henry Crow, the husband and father, was not at home and thus escaped injury.

A Mrs. Grady, residing on Cruise street; a Mrs. Clifford, a Mrs. Berry and Mr. and Mrs. Orr; whose home is on the Shiloh National Pike was destroyed, were also seriously injured. Struck Three Miles South.

The storm first struck near the Cornith Oil Mill, about three miles south of the Gulf Highway Road, and then proceeded in a northeasterly direction, cutting a swath from 200 to 400 feet wide along its course. Of the more than 100 houses destroyed, approximately half were homes. Among the residences destroyed are several two-story homes and a number of new bungalows, among the latter being the new residence of Dr. McRae.

Mr. Anderson and Mr. Weeks, who are regarded as the most seriously injured, are in the hospital here and physicians have stated that it is too early as yet to ascertain the exact extent of their wounds.

Immediately after the high wind subsided work of rescue was inaugurated. Every physician in the city responded to the call and worked manfully with the injured. The negro section of the city, which was first hit, suffered the most seriously, and there are a number of negro victims who may die.

A special called meeting of members of the American Legion here, was held at 5:30 this afternoon in the courthouse and arrangements were made to have the stricken area of the city patrolled by armed members of the Legion tonight. The legion members also took steps to offer their services in every other capacity wanted.

The citizens of Cornith this afternoon subscribed a total of \$2,000 for relief work within a few hours after the storm struck the city. Telegrams poured into Cornith this afternoon from Memphis, Jackson, Miss., and other points offering aid to the stricken. It was announced tonight that 60 cots were already on the way here from Jackson, Miss., and Tupelo.

Two Clouds Met.

According to T. A. Thompson, who was standing in his office on Fillmore street, in the Cotton Exchange Building, two distinct clouds met over Cornith, causing the peculiar tornado. He said tonight that he noticed a big black cloud coming from the south and another large black cloud coming from the north, and that these two clouds apparently met over the store of Abe Rubel & Co. Mr. Thompson said that almost immediately afterwards the sky overhead was literally filled with flying timbers and debris from wrecked houses.

It is the source of much happiness that the tornado, in its sweep across the city, missed entirely the business section, and also that the path of the storm did not approach the Cornith public school building closer than 200 feet. The school was in session at the time and was filled with children. The storm also failed to strike the depot, coming to the railroad a good distance above the depot.

Owing to the severance of wire communications leading out of Cornith, details of the storm's destruction outside of the city and suburbs were unobtainable tonight, and it is feared that with the restoration of communications casualties from the storm may mount considerably higher.

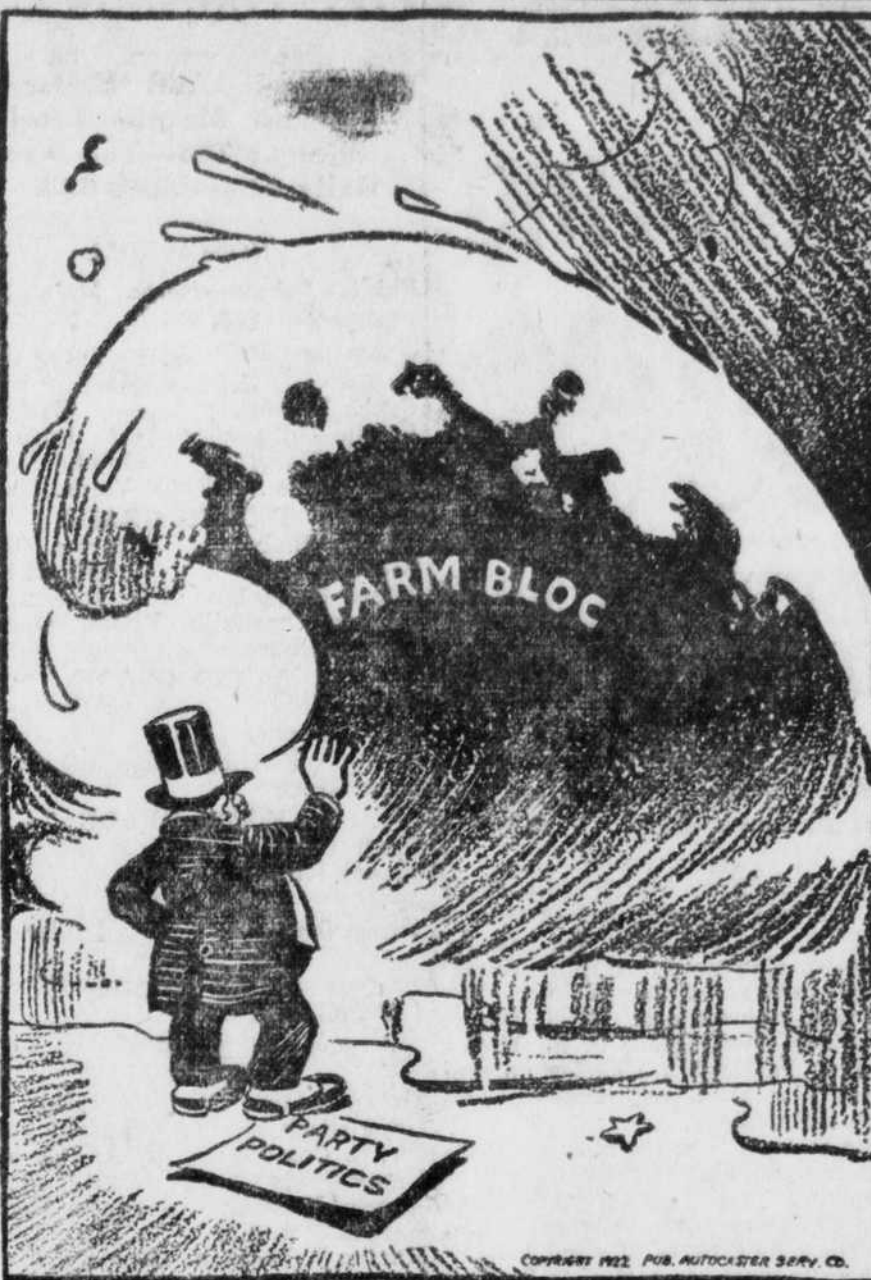

YALOBUSHA FARMERS SHIP STOCK TO MARKET

Yalobusha farmers shipped four carloads of cattle and hogs from Coffeeville Tuesday. One car of feeder hogs sold on the track to a representative of Illinois feeders, and will be shipped there to be fed out. The other cars, consisting of two full cars of hogs and a mixed car of cattle and hogs goes to National Stock Yards, Ill.

These shipments are counted on to bring the farmers of this county around \$1,500 the car.

A farmers' Co-operative shipment of hogs and cattle was also made from Water Valley on Wednesday, and Messrs. Coleman, Sartain and Murray made a shipment on the same day.

DELINQUENT TAX LIST TO BE PUBLISHED APRIL 1st.

Sheriff W. N. Frost of Yalobusha county has decided not to advertise the delinquent taxpayers until after April 1st. Quite a number of people are taking advantage of the law recently passed extending the time to April 1 on which taxes might be paid without added damages. This law, however, did not provide for any change in the law requiring advertisement of delinquents during the month of March, with sale on the first Monday in April, and the advertisements are being run in some counties. Sheriff Frost is taking a broader view of the law and giving the delinquents all the time within his power to give them.

ARBuckle ON TRIAL FOR THE THIRD TIME

Defence May "Tell All," Attorneys Hint.

SAN FRANCISCO, March 13.—Roscoe (Fatty) Arbuckle went on trial Monday morning for the third time on a charge of manslaughter in connection with the death of Virginia Rappe, movie actress, who died at a local sanitarium last Sept. 9, four days after attending a party given at the St. Francis Hotel by the comedian.

The third trial, it is believed, will be considerably longer and much more bitterly contested than either of the preceding trials. Many more witnesses will be called by the defense than were used at either of the other trials.

According to the defense counsel "all the facts" will be brought out at this trial. From the statement it is intimated that certain matters relating to Miss Rappe which were not placed in evidence at the previous trial, will now be brought out in all details. These matters, it is said, were not touched upon at former trials at the request of Arbuckle himself.

In all probability Arbuckle will take the witness stand in his own behalf, as he did at his first trial. This procedure was not followed at the second trial, due to the fact that the prosecution read his previous statement to the jury.

The only new feature expected will be additional depositions which have been taken from persons in the east who were intimately acquainted with Virginia Rappe.

BULLOCK—BLOUNT.

(Commercial Appeal.) A Wedding of interest to many friends throughout the tri-states was solemnized yesterday evening at the home of the bride's parents. Mr. and Mrs. Lucius L. Blount, 1168 Greenwood street, when their attractive daughter, Evelyn Lucile, became the bride of Mr. W. Oliver Bullock, Bishop W. B. Murrah officiating in the presence of only relatives and intimate friends.

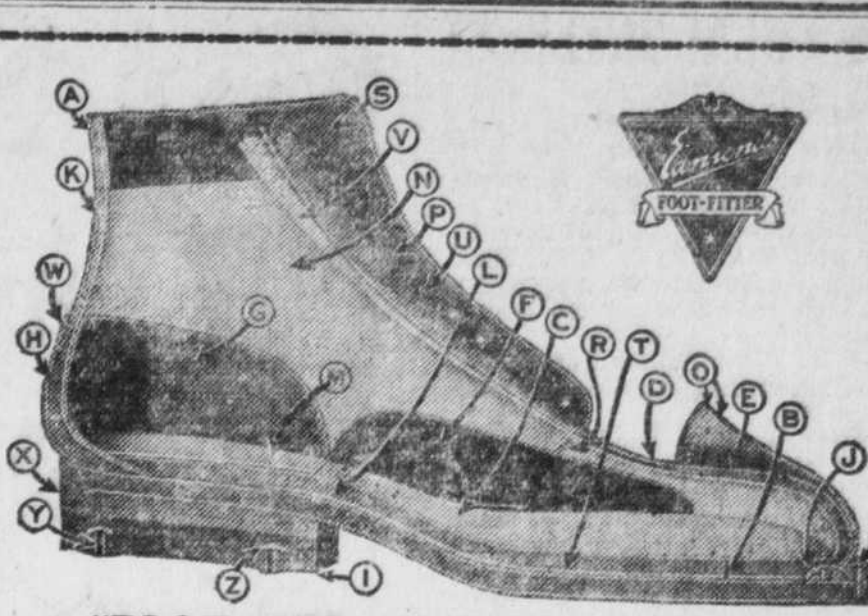

The entire lower floor of the home was beautifully decorated with palms, smilax and cut flowers, a pink and green motif being carried out effectively with Killarney roses and sweet peas. An improvised altar for the ceremony was formed of greenery with large basket filled with roses and tied with bows of tulle on either side. Immediately preceding the ceremony, nuptial selections were impressively rendered by Mrs. John Aste, Jr. To the strains of the wedding march, the bridal party entered.

The bride was attired in a becoming travelling suit of midnight blue pointed tulle, with hat and accessories in harmony, and she wore a corsage of Bride's roses and valley lilies. She was attended by Miss Norma Williams as maid of honor, wearing brown lace over taffa and a brown picture hat, and carrying pink Killarney roses. Little Addie Sue Blount, sister of the bride, and Rivers Addington, of Forrest City, Ark., her cousin, acted as flower girls, wearing rose petal frocks of pink taffa and carrying basket filled with sweet peas. The groom was attended by Mr. Sam Z. Summers as best man.

Immediately following the ceremony Mr. and Mrs. Bullock left for a bridal trip to southern points of interest. After March 23 they will be at home to their friends at 1168 Greenwood street.

MEN CAN'T WATCH THEIR STEP.

Chicago Alderman Thinks Short Skirts Cause Car Accidents.
CHICAGO, March 15.—Longer skirts for women, lower steps for street cars or blinders for men—Chicago must have one of the three in order to prevent a steady increase in accidents, Alderman Leo Klien declared today in introducing an ordinance before the city council providing for lower street car steps.

THE PNEUMONIA MONTH.

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.
